Accessioning and Disposal

The Records Center did not receive a bulk shipment of records during the week. The reason for this was that Security was unable to furnish an escort. Therefore, the records that were scheduled for delivery should be delivered this coming week.

One hundred ninety-five assembled Record Center containers and fifty 5x8 containers were furnished the various offices during the week.

✓ There are now 720 cubic feet of records in the disposal area. This is a decrease of 32 cubic feet from last week.
